PAYROLL LETTER # 99-005
CSU ONLY

To: All Campuses in the Uniform State Payroll System

From: Ralph Zentner, Chief
Personnel/Payroll Operations Bureau

Re: FRINGE BENEFIT/EMPLOYEE BUSINESS EXPENSE REPORTING
COMPLIANCE REVIEW

This Payroll Letter highlights key results of the 1998 California State University (CSU) Fringe Benefit/Employee Business Expense (FB/EBE) Compliance Project. It also provides an update to the Internal Revenue Service (IRS) State and Local Government Employer Compliance Project.

FB/EBE COMPLIANCE OBJECTIVES

CSU entities (campuses and the Chancellor's Office) must satisfy the following objectives:

Report all taxable FB/EBEs as identified in the Payroll Procedures Manual Sections I 120 - 165.

Report all FB/EBEs based on constructive receipt. Taxable/reportable FB/EBEs must be reported by the 10th of the month following the month an employee receives the FB/EBE. For example, if a taxable benefit is received in June, it must be reported to the State Controller's Office by July 10th.

Report all FB/EBEs accurately.

1998 IMPROVEMENTS

CSU improved compliance with Federal and State tax requirements as illustrated by the following:

Taxable FB/EBE wage reporting increased 15% from \$1,606,000 (1997) to \$1,843,000 (1998).

The number of benefits reported in 1998 versus 1997 increased; 9 entities (38%) reported more FB/EBEs in 1998.

CSU entities reported new benefits 50% faster in 1998 than in 1997; initial reporting occurred within 45 days.

Document completion accuracy exceeded the State Controller's Office standards; statewide, the error rate was an excellent .0004.

Six (6) campuses requested and received on-site consultations. FB/EBE reporting at 4 of these 6 campuses increased.

PROBLEM AREAS

Based on reporting demographics maintained for each entity, two major compliance problems exist:

CSU entities are not reporting all taxable FB/EBEs provided their employees.

CSU entities are not reporting taxable FB/EBEs timely. Entities are "surge" reporting. Surge reporting is lumping multiple months' benefits into a single reporting period and/or failing to report benefits until calendar year end.

1998 DETAIL INFORMATION

1998 CSU FB/EBE reporting summary information is available. This information includes: CSU wage reporting by benefit and campus benefit reporting comparisons. Should you wish to obtain this data, contact Tax Support Section at the phone number listed below.

IRS STATE AND LOCAL GOVERNMENT TAX COMPLIANCE PROJECT

As announced in Payroll Letter #97-025, the IRS is conducting a State and Local Government Tax Compliance Project. This project was extended through the Year 2002.

Employer assessments are underway and tax audits will commence in the near future. Per the IRS, audit criteria includes comprehensive, timely and accurate FB/EBE reporting.

ANNUAL COMPLIANCE ACTIVITIES

Plans for the State Controller's Office 1999 CSU FB/EBE Compliance Project are underway. A Payroll Letter outlining the start of the annual compliance project will be released this Spring. Meanwhile, CSU entities should review FB/EBE business practices and ensure that all FB/EBE compliance objectives are satisfied.
